

Program Summary

- The Alcohol Education Program for Minors (MIP) is a six-hour course (two sessions of three hours each). Texas state law requires that minors who have been convicted of alcohol-related offenses complete this course, which is certified by the Texas Department of State Health Services (TDSHS).
- The University is pleased to offer this course once a month on Mondays (4:30pm - 8:00pm) and Wednesdays (5:00pm - 8:00pm).
- To successfully complete the course, participants must take and pass a short test covering course materials. Information is kept confidential with the exception of reporting some data to the TDSHS.
- An individual exit interview is also required for completion. This interview must be completed within 30 days of the last class date to receive credit for the course. Most interviews are held after class on the second day, therefore, you should be prepared to stay after class or to schedule another date and time with your instructor.
